SUMMARY

Based in Oxford, MS, I am a skilled software developer with experience in developing various web-based projects using multiple languages and frameworks. My previous customer service roles have provided me with valuable skills in communication, problem-solving, and multitasking that I can effectively apply to my work in software development. Continuously seeking growth and improvement, I am eager to explore new technologies and enhance my abilities as a software developer.

SKILLS

Cloud Computing, CSS, Django, Git, HTML, Java, Javascript, Python, Rust, Spring, SQL

EDUCATION

Base Camp Coding Academy, Water Valley MS   June 2022 - Current
Completed intensive, 11-month coding bootcamp designed for high school graduates who earned a scholarship to the program.
Organized students and communicated plans as spokesperson
Taught programming to middle school students as an active participant in Base Camp After School program.

Hernando High School, Hernando MS   Aug. 2018 - May 2022
Career & Technical endorsement
Academic endorsement

PROJECTS

JSON Trivia   Winter 2022 - Winter 2022
JSON trivia is a JavaScript program that creates a quiz by fetching trivia questions from the Open Trivia Database API based on the user's selected category and difficulty level using Javascript / HTML / CSS.

Task Assignment Program   Winter 2022 - Spring 2023
As a personal project, I developed a chore management system using Rust that was designed to effectively manage tasks for different groups of people. The system included a random task assignment feature that utilized lists to ensure fairness.

Repli   Winter 2022 - Winter 2022
A full-featured web application that allows users to create a profile, edit their profile information, and send messages to other users using Django / Python / HTML / CSS.

CERTIFICATIONS

AWS Certified Cloud Practitioner, *Amazon Web Services*   Mar. 2023
Cloud computing concepts and best practices, such as scalability and elasticity.

MTA: Networking Fundamentals, *Microsoft*   Apr. 2021
The certification also covers network troubleshooting and maintenance, as well as network management tools and best practices.

TestOut Network Pro Certification*TestOut*   May 2021
